## The Course

Robber's Row was designed in 1967 by noted architects George W. Cobb and Willard C. Byrd, and was redesigned in 1994 by world famous architect Pete Dye. The course is located on the scenic marsh side of the Port Royal Plantation and cuts through beautiful strands of magnolia and live oaks. This course sets atop former Civil War grounds and features historical markers throughout the course, describing events which took place on the Island. Although tee-shots have generous fairways to land in, approach shots require accuracy to the well-protected greens. Robber's Row is a course rich in history and challenge to any golfer.
